

LEONARDO HELICOPTERS

SKYFLIGHT MOBILE

FLIGHT PLANNING SERVICE

ELEVATE YOUR FLIGHT SAFETY

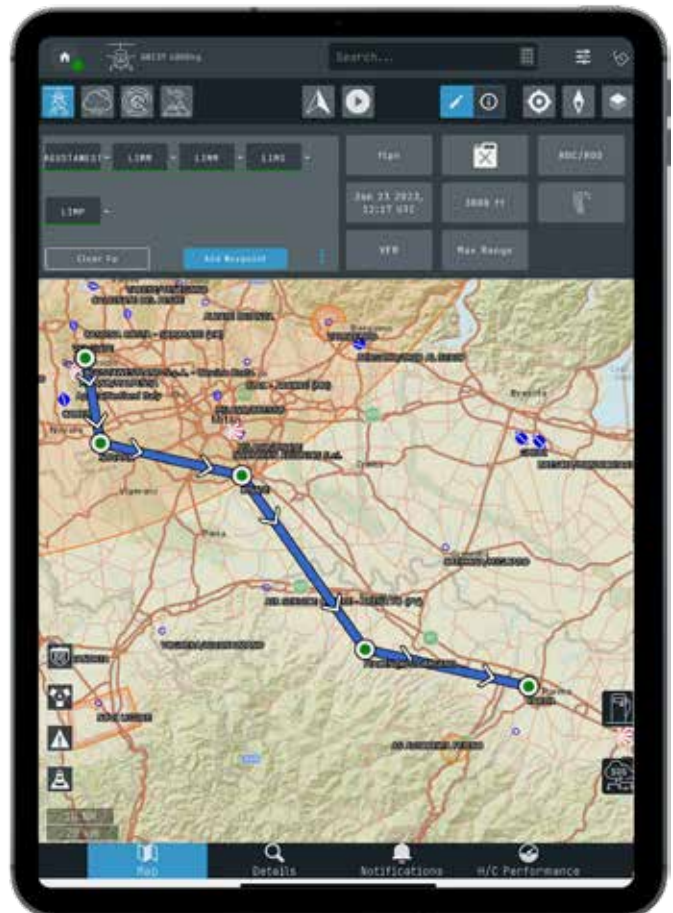

Skyflight Mobile service enables you to plan, perform and analyze your flight missions starting from the ground, reducing time and complexity, performing a complete safety assessment, optimizing costs and increasing missions' effectiveness.

Wherever you are, through your iPad you will be provided with relevant aviation information, a real-time stream of weather and environmental data, which are used in conjunction with the Leonardo Helicopters aircraft performance data.

The essential tools for the route planning still remain available when Skyflight Mobile service is offline.

ADDED VALUE FOR YOUR MISSIONS

- **Plan** your route and **perform** "What-if analysis"
- Make informed decisions through the use of **real time data**
- Save time and effort through performing **weight and balance** aircraft performance calculations at the push of a button
- Create **Flight Reports**
- **Save, share and re-use** your planning data via the cloud
- **Safety** is granted thanks to Flight Risk Assessment functionality

UPDATE

Keep aeronautical and performance data up to date

FRAT-Risk Assessment

To associate a level of risk to the planned flight. Developed following EASA and FAA standards

FLEET W&B

Manage the weight and center of gravity for each helicopters of the fleet

UPLOAD

Prepare and upload data in the helicopters on-board system through Wi-Fi connection

PLANNING

Plan the flight path, calculate a deep "What-if analysis" for all flight phases, view the GPS position and the flight track, re-play your flight path on the Skyflight map

PUBLICATIONS

Direct link to AWTraining where you can access E-Learning courses and Training Publication

ODM CHARTS

Manage the weight and center of gravity for each helicopters of the fleet

AMERIGO 4 FLIGHT

Download the RFMs, QRH and other manuals through a direct link with the Leonardo Helicopters application Amerigo4Flight

CAT A

Calculation and view all the CAT A key data in a single comprehensive view

JRCC-HERMES

Exchange message, video, image and file instantly with the Leonardo Helicopters application HeRMes

PAC/EPC

Perform the automated engine power assurance checks

HELP

Consult the SkyFlight manuals

WEATHER & NOTAMs

Visualize the real-time updated weather data and NOTAMs
